

Seminar:

**‘Finding and Presenting Genetic Variability’**

held in the honour of prof.dr. Richard Durbin FRS

Friday September 23<sup>rd</sup> 2016, 09:00 – 13:00 h room: Mekelzaal  
in the Science Centre of the Delft University of Technology,  
Mijnbouwstraat 120, 2628 RX Delft.

Programme:

09:00 Opening by prof.dr.ir. Marcel Reinders (Delft  
University of Technology)

09:10 Genetic variability of micro-organisms  
Dr. Thomas Abeel (Delft University of Technology)

10:00 Variable use of Isoforms  
Dr. Yahya Anvar (Leiden University Medical Center)

10:45 Coffee Break

11:00 Genetic variability in plants  
Prof.dr. Roeland van Ham (KeyGene, Wageningen /  
Delft University of Technology)

11:45 ‘Finding and Presenting Genetic Variability’  
Prof.dr. Richard Durbin FRS (Wellcome Trust Sanger  
Institute, UK)

12:30 Lunch and open discussion with Richard Durbin.

Entrance: free
